Objective

I am a Computer Science Engineering (CSE) student (undergraduate last semester) with a proven track record of developing web-based projects using HTML, CSS, and JavaScript. Possessing one year of hands-on experience in web development, I am now seeking a challenging internship opportunity to enhance my skills, gain practical industry experience, and contribute effectively to innovative projects. I am eager to leverage my technical expertise and passion for coding to make valuable contributions to a dynamic team while continuously learning and growing in web development.

Skills

Programming Languages:	Python, JavaScript, SQL.
Web Development:	HTML, CSS, Bootstrap, TailwindCss.
Software:	Github, Android Studio, Vs Code, Colab, Code Blocks, Packet Tracer, Netbeans, Scene Builder, Intellij Idea, and Figma.
Office and Productivity:	Word, Docs, Excel, Spreadsheet, PowerPoint, Canva, Slides.
Database:	MySQL, MongoDB.
Soft Skills:	Communication, Leadership, Problem-Solving, Teamwork.
